

Phurpa Sherpa - Frontend Developer

Kathmandu, Nepal | phurpasherpa900@gmail.com | github.com/PhurpaSherpa16 | linkedin.com/in/phurpa-sherpa | [phurpa-sherpa | phurpa-sherpa-portfolio.vercel.app](https://phurpa-sherpa-portfolio.vercel.app)

Professional Summary

Frontend Developer experienced in building modern, responsive, and interactive web applications using React (React Hooks, Component Architecture, Reusable Components), TypeScript, Tailwind CSS, and Framer Motion. Skilled in developing reusable UI components, implementing responsive web designs, translating Figma designs into pixel-perfect interfaces, and optimizing frontend performance. Seeking a Frontend Developer opportunity to create impactful user experiences while growing within a collaborative engineering team.

Work Experience

Frontend Developer Intern - Youbloom | May 2026 - Present

Developed and refactored React components into reusable, maintainable UI components, optimized frontend rendering, assets, and loading behavior for improved performance and responsiveness, and collaborated through Git/GitHub, pull requests, and code reviews within an Agile development team.

Projects

01. Premium Pickle E-commerce

Designed and developed a premium responsive e-commerce experience from research and Figma to deployment, building reusable React components and shopping flows while optimizing animations and responsive layouts for a polished and consistent user experience.

React, Tailwind, Framer Motion, Figma, Vercel
